

알레르기질환 역학 심포지엄

The 16th Annual Epidemiology Symposium of Allergic Diseases
'Next-Generation Birth Cohorts in Asia: From Observation to Prediction and Prevention'

2026. 9. 4. (금) 13:30 – 17:50 | 온라인 심포지엄

시간	프로그램	연자	소속
13:30~13:40	개회사	홍수종	국립중앙의료원
	인사말	남재환	국립보건연구원 원장
	인사말	서길준	국립중앙의료원 원장
Session 1 (English) Next-Generation Birth Cohorts in Asia: From Observation to Prediction and Prevention Chairperson: Kangmo Ahn (Sungkyunkwan University, Korea), Bee Wah Lee (National University of Singapore, Singapore)			
13:40~14:00	Prenatal Environmental Impact on Early Life Development in Allergic Diseases	Hui-Ju Tsai, LIGHTS Cohort	National Health Research Institutes, Taiwan
14:00~14:20	Environmental Exposures and Large-scale Population Insights from JECS	Yamamoto-Hanada Kiwako, JECS/T-CHILD	National Center for Child Health and Development, Japan
14:20~14:40	Maternal-Infant Microbiome and Early Immune Programming: Perspectives from the Hong Kong MOMMY Cohort	Ting Fan Leung, MOMMY Cohort	The Chinese University of Hong Kong, China
14:40~15:00	Multi-Omics Mapping of Environmental Exposure-Driven Immune Reprogramming in Atopic Dermatitis	Kwoneel Kim, COCOA	Kyung Hee University, Korea
15:00~15:20	Nutrition, Microbiome, and Early-life Metabolic Programming in Asian Children	Ta Le Duc Huy, GUSTO/SPRESTO	National University of Singapore, Singapore
15:20~15:40	Question & Discussion		
15:40~15:50	Break		
Session 2 (Korean) COCOA in Progress, 2026 좌장: 김영열 (국립보건연구원), 서동인 (서울대학교)			
15:50~16:10	초가공식품 섭취가 비만에 미치는 영향	권성옥	서울대학교
16:10~16:30	아토피피부염 표현형 및 신경행동적 결과: 식품알레르기 동반이환의 역할	정성수	양산부산대학교병원
16:30~16:50	미세먼지 노출이 알레르기질환에 미치는 영향과 중재 및 예방 전략의 잠재적 효과	김환철	인하대학교 의과대학
16:50~17:10	초기 환경 노출, 제대혈 DNA 메틸화 및 아토피피부염 궤적 : COCOA 출생 코호트	양지수	국립보건연구원
17:10~17:30	소아 아토피피부염 Trajectory의 다중오믹스 특성 규명	오혜영	국립중앙의료원
17:30~17:50	토의 및 질의		
17:50	폐회사 및 감사의 말씀	홍수종	국립중앙의료원

등록 방법 QR 코드 스캔 후 신청서 작성
등록비 10,000원
연수 평점 4점

주최 국립중앙의료원, 국립보건연구원
